REPORT  
OF THE  
BOARD OF EDUCATION  
OF THE  
TOWN OF ROLLINSFORD,

For the Year Ending February 15, 1907.

---

In presenting the annual report for the past year, it is pleasant to say that harmony and good feeling have prevailed in all the schools. The discipline has been most excellent.

Both teacher and pupil have felt the responsibility of their position, and the best of results have followed their earnest work. Several changes have been made among our teaching forces.

We have endeavored to secure teachers with Normal School training, wishing to keep pace with modern methods.

Our list of teachers is as follows :

|                    |                         |
|--------------------|-------------------------|
| 8th and 9th Grade, | Miss Annie Sullivan     |
| 6th and 7th    “   | Miss Julia F. Langsdell |
| 4th and 5th    “   | Miss Helen B. Tighe     |

|                     |                             |
|---------------------|-----------------------------|
| 2d and 3d Grade,    | Miss Isabel T. L. Spaulding |
| 1st and 2d Primary, | Miss Flossie Philpott       |
| Kindergarten,       | Miss Sarah A. Hodsmen       |
| Sullivan School,    | Mrs. Etta W. Goodwin        |
| Quamphagan School,  | Miss Ethel M. Hadley        |
| Turnpike School,    | Miss Blanch Goodwin         |
| Pear Yard School,   | Miss Ruth Noyes             |

Again we find ourselves handicapped for room for our primary pupils. The three rooms of the lower grades are full to overflowing, while our upper classes are lacking in numbers, and in some instances, not pupils enough to make school life pleasant or interesting.

The school at the Pear Yard was closed the fall term, and the pupils attended the Sullivan school. The winter term found more pupils in this school and it was reopened with Miss Ruth Noyes of this town as teacher.

As our school houses were placed in good repair one year ago, we have expended but a small sum for repairs. Tuition and books were furnished to those attending Berwick Academy, and transportation for those who attend Dover High School. We certainly believe this method to be much better than to try and maintain a High School with an attendance of eight or ten pupils. At the last annual school meeting your committee was authorized to secure plans for an addition to the present school house at Salmon Falls. They will be prepared to report at the coming meeting.

While we believe our schools will compare favorably with those similarly situated, how best to prepare our pupils for an intelligent and useful life? When their whole school privileges, in many instances, are covered by a period of nine

or ten years at most, then the school question becomes a most serious one, and, as citizens, we are duty bound to do all in our power to aid and advance the interests of these less fortunate children. Let us show, not by words, but by our acts, that we are in full sympathy with our common schools.
